

Correction to Gd(III)-Labeled Peptide Nanofibers for Reporting on Biomaterial Localization *in Vivo*

[*ACS Nano* 2014, 8, 7325–7332. DOI: 10.1021/nn502393u]. Adam T. Preslar, Giacomo Parigi, Mark T. McClendon, Samantha S. Sefick, Tyson J. Moyer, Chad R. Haney, Emily A. Waters, Keith W. MacRenaris, Claudio Luchinat, Samuel I. Stupp,* and Thomas J. Meade*

Page 7328. In Figure 2B, the leftmost panel is a cryogenic TEM image of **PA2** rather than **PA1**. We include here a corrected panel for **PA1**. No conclusions or analysis in the work are affected by this correction.

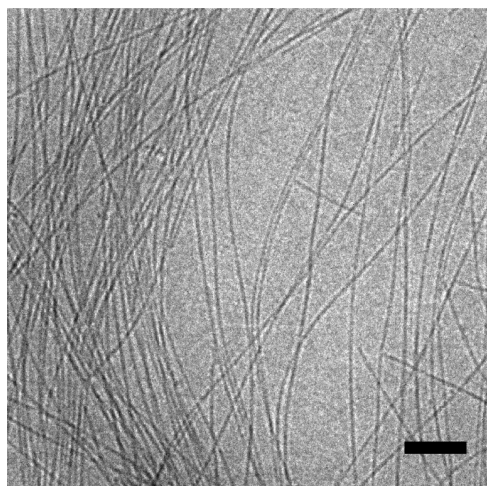

Figure 2B. Image of PA1 nanofibers after thermal annealing. Scale bar is 200 nm.
