

Correction to “Site-Specific Conjugation of Monodispersed DOTA-PEGn to Thiolated Diabody Reveals Effect of Increasing Peg Size on Kidney Clearance and Tumor Uptake with Improved 64-Copper PET Imaging” Lin Li, Desiree Crow, Fabio Turatti, James R. Bading, Anne-Line Anderson, Erasmus Poku, Paul J. Yazaki, Jenny Carmichael, David Leong, David Wheatcroft, Andrew A. Raubitschek, Peter J. Hudson, David Colcher, and John E. Shively [*Bioconjugate Chemistry* 2011, 22, 709–716 DOI: 10.1021/bc100464e].

The article contained several errors at publication. The name of the author David Wheatcroft was listed incorrectly. Author footnote 2 should read Avipep PTY Ltd. and Victorian Cancer Biologics. Debra Tamvakis was left out of the Acknowledgments.
